Best in Class Finishing

about US

Safelam came into existence in the year 1993. Since then we have been catering to the customers demand by introducing new design and textures.

Safelam is poised to cater to the specific needs of the market. Our machines are all top of the line: the press machines are the best to be found in India, while both the sanding machines and press moulds are imported to ensure best quality. Our quality assurance standards are so stringent that not even a single flaw is passed on the customer.

That has helped Saffron Decoratives become an iso 9001 : 2008 company. Safelam is at its core, a customer-centric brand, and though ever single product matches up to international standards in design, texture and quality, we are conscious of affordability for the end consumer. All our products are priced such that the consumer can enjoy the luxury of having a truly world class product in their home or office, but at a price that does not cost the earth.

Nature's Bliss

product portfolio

CRYSTAL[®] MICA

Coming Soon, Crystal Mica will offer new trends in the premium segment that will elevate your interiors and decor

CRYSTAL[®] LAMINATES

Crystal Laminates offers a wide range of laminates of thicknesses .08mm in solid colors, wood grains and over 20+ finishes, apart from regular Suede and Matte finishes. Crystal is made from imported papers, reflecting the latest trends in interiors.

CRYSTAL[®] DOOR

Our wide range of Crystal Door is available in different colors and patterns. Crystal Door makes it easy to continue your style throughout your home. Our range will compliment and enhance any interior and add character to your homes and offices.

CRYSTAL[®] LINER

Crystal Line Laminates come in various colours, in matte finish. It is available in 0.72mm & 0.9mm thickness.

why
choose

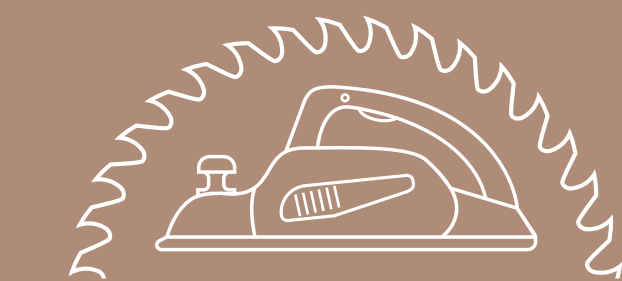

CRYSTAL
LAMINATES

BEST IN CLASS FINISHING

Finishing

Better than
other laminates

10% Softer material because of our unique manufacturing process & special raw material helps achieve better finishing. Our easy to cut products have become Carpenters Choice.

Soft to cut &
Carpenter Friendly

Architects Inspiration

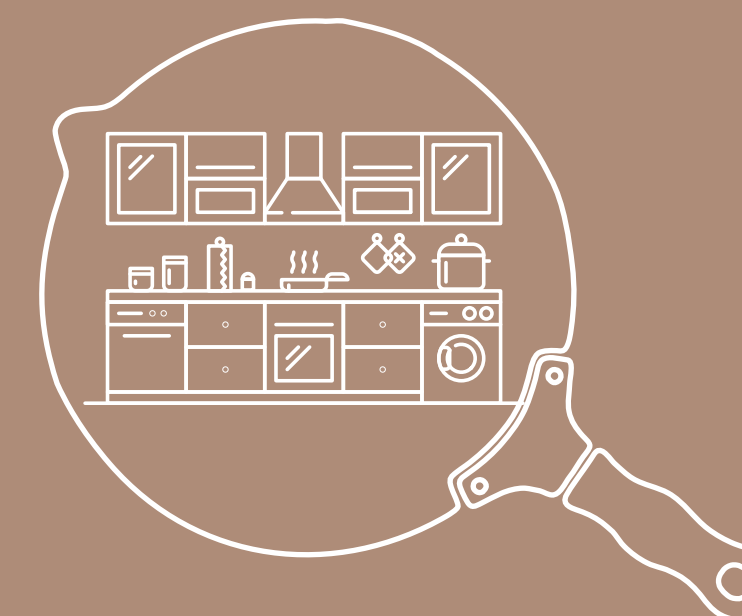

first time in its class

Crystal introduces a special range of design selection that inspires architects and interior designers to create specialized concepts and make your space unique. These ready made concepts will give your spaces the edge you desire.

Kitchen Selection

largest design range
for Kitchen

Crystal with the largest range of plain colors in its Premium High Gloss series offers one stop solution for all your kitchen needs.

Pastel Colors

Crystal Laminates introduces English style Pastel Colors selection in pearl metallic series. These colors add the vibrancy of colors while adding elegance and class to all spaces

Technical Data

Properties		Specified Values as per IS:2046-1995 types,HG5	Crystal
Thickness		0.8 mm (± 10%)	✓
Resistance to surface wear		350 (Revolutions)	✓
Resistance to immersion in boiling water			
- Mass Increase (%)		10.0% (maximum)	✓
- Thickness Increase (%)		11.8% (maximum)	✓
- Appearance		Not worse than 4	✓
Resistance to dry heat 180°c		Not worse than 4	✓
Dimensional stability at 20°c			
- Longitudinal (%)		0.55% (Maximum)	✓
- Transverse (%)		1.025% (Maximum)	✓
Dimensional stability at 20°c			
- Longitudinal (%)		0.375% (Maximum)	✓
- Transverse (%)		0.60% (Maximum)	✓
Resistance to impact by small diameter ball		20 N (Minimum)	✓
Resistance to Cracking		Not worse than 4	✓
Resistance to Scratching		2.0 N (Minimum)	✓
Resistance to Staining		Not worse than 5	✓
Resistance to color change (wood standard)			
- In xenon arc light		Not worse than 6	✓
- In enclosed carbon arc light		Not worse than 5	✓
Resistance to cigarette burns		Not worse than 3	✓
Resistance to steam		Not worse than 4	✓
Appearance		Should be free from foreign particles	✓
